At the General Meeting, each candidate for the Board of Directors introduced himself/herself and affirmed his/her commitment to making positive contributions and applying his/her expertise and experience to enhance the Company's business performance

❖ Shareholder opinions:

Shareholder Mr. Lam Thieu Quan: Mr. Manh currently serves as a member of the Board of Directors of both ELC and ITD. What measures or principles will Mr. Manh apply to avoid any conflict of interest between ITD and ELC, and how will such potential conflicts be managed?

->Mr. Nguyen Van Manh responded: *I currently do not hold any shares in either ITD or ELC. Therefore, I am independent in that respect and have no conflict of interest arising from investment or financial ownership.*

ELC has a significant market presence in Vietnam, with a broad customer base including the Ministry of Public Security, the construction sector, the Ministry of National Defence, and many other major clients. In my view, ITD's target customer base does not materially overlap with these customers, and therefore there is no significant conflict.

ITD and ELC both operate in the Intelligent Transportation Systems (ITS) business, where there may be potential competition. However, we intend to transform such potential competition into cooperation between the two companies. Although the two companies may share certain customers, the products and services offered are different. ITD and ELC can cooperate in the provision of a wide range of solutions and products.

While there may be some overlap in the ITS business, ITD's new strategic direction is not to prioritize further expansion of the ITS segment. From a business perspective, it is more beneficial for us to cooperate with a leading market player so that both companies can achieve sustainable growth.

Mr. Nguyen Huu Dung added: At present, one of the Company's Deputy General Directors has resigned, while the majority of the Company's market and customer base is located in Northern Vietnam, particularly in Hanoi. Accordingly, the Company's current plan is for Mr. Manh to assume the position of Deputy General Director in charge of ITD's business operations in Northern Vietnam.

Shareholder Mr. Lam Thieu Quan: The Company should establish appropriate confidentiality measures and information barriers between ITD and ELC in view of the fact that the two companies may share common insiders.

- Pursuant to the prevailing Law on Enterprises;
- Pursuant to the Charter of ITD Technology Corporation;

- Pursuant to the governance requirements and development orientation of the Company

In the past year, the Company and the Board of Directors have experienced significant changes in market conditions, the business environment, as well as corporate governance requirements. These changes arise from objective factors such as rapid shifts in the global economy, increasing competition in the technology sector, and the strong transition toward a business model driven by data, digital platforms, and artificial intelligence.

At the same time, the Fourth Industrial Revolution continues to have a profound impact across all areas of the Company’s operations, placing increasingly higher requirements on adaptability, innovation, and corporate governance restructuring.

Based on the Company’s strategic orientation for the coming period, the Company plans to focus on the development of key business areas with long-term growth potential, including:

- ✦ Data Center infrastructure;
- ✦ Software development and technology solutions;
- ✦ Projects related to digital transformation and Artificial Intelligence (AI) applications;
- ✦ Strengthening financial management capacity to ensure efficient capital utilisation and support the Company’s long-term development strategy

In this context, the requirements for the governance structure are to be further strengthened and consolidated, ensuring alignment with the new strategic direction, as well as the capability to lead the Company during a period of significant transformation in its operational model and technology

Therefore, the Board of Directors hereby submits to the General Meeting of Shareholders for approval the re-election of the entire Board of Directors, as follows:

- 1. Dismissal of all six (06) members of the Board of Directors for the 2024–2028 term**
- 2. Election of the new Board of Directors for the 2026–2030 term, comprising five (05) members, including one (01) independent member**

The Board of Directors respectfully submits for approval of the General Meeting of Shareholders..

Respectfully.

ON BEHALF OF THE BOARD OF DIRECTORS
Chairman of the Board

- Rounding principle (if applicable): The number of ESOP shares allocated to each employee in accordance with the above formula shall be rounded down to the nearest hundred (100) shares, provided that the aggregate number of shares allocated shall not exceed the total number of shares available under the 2026 ESOP.

 - ✓ Example 2: If the number of shares allocated to Employee B after applying the above formula is 38,780 shares, Employee B shall be allocated 38,700 shares in accordance with the above rounding principle.
- Treatment of remaining shares: Any shares remaining due to the application of the rounding principle, or because eligible employees do not register to subscribe for, or do not fully subscribe for, their allocated shares, or fail to make payment or fail to make full payment for the subscribed shares within the prescribed period, or because, during the period from the date on which the General Meeting of Shareholders approves the list of employees eligible to participate in the 2026 ESOP until the date on which the State Securities Commission of Vietnam issues its written confirmation of receipt of a complete ESOP share issuance dossier and the Board of Directors implements the ESOP share allocation, an employee no longer falls within the eligible category and/or no longer satisfies the eligibility criteria for participation in the 2026 ESOP, shall be reallocated at the sole discretion of the Board of Directors to other eligible employees whose names are included in the list approved by the General Meeting of Shareholders and who wish to subscribe for additional shares.

The offering price shall be determined in accordance with the pricing principles approved by the General Meeting of Shareholders, and the offering price and other terms and conditions, including the rights and obligations of such investors, shall not be more favorable than those offered to the previously selected investors.
